

# Tiny Watch Terms and Conditions

Last updated: May 3, 2026

These Terms and Conditions govern your use of Tiny Watch, including the Tiny Watch mobile application and the public website at <https://tinywatch.app>. Please read them before using the app.

By using Tiny Watch, you agree to these Terms. If you do not agree, do not use the app.

## 1. What Tiny Watch Does

Tiny Watch lets two phones work together as a private baby monitor over the same Wi-Fi network. One phone acts as the Camera Phone and streams live audio and video. The other phone acts as the Monitor Phone and receives the stream, status updates, and local alerts.

Tiny Watch is designed around local monitoring. The app does not require an account, a Tiny Watch cloud login, or Tiny Watch cloud streaming.

## 2. Who May Use Tiny Watch

Tiny Watch is for parents, guardians, and other responsible adults. The app is not intended for children to set up or use without adult supervision.

You are responsible for making sure that your use of Tiny Watch is lawful where you use it, including any rules about recording, monitoring, consent, and privacy.

## 3. Safety Notice

Tiny Watch is a convenience tool. It is not a medical device, emergency service, security system, life-safety device, or substitute for direct adult supervision.

You remain responsible for checking on your child, keeping the Camera Phone safely positioned, keeping devices charged, maintaining a reliable Wi-Fi network, and making sure you can hear or see alerts when you rely on them.

Do not place a phone, cable, charger, mount, or other accessory in a crib, bassinet, sleeping area, or anywhere a child can reach it. Follow the safety instructions provided by your device and accessory manufacturers.

## 4. Local Connection and Permissions

To provide the app's core features, Tiny Watch may request access to the camera, microphone, local network, Wi-Fi/network status, and vibration or local alert features on your device.

Pairing uses a QR code or pairing link that includes local network connection details and a short pairing secret. Anyone with physical access to the pairing code while it is valid may be able to try to connect, so only show it to the device you intend to pair.

## 5. Acceptable Use

You agree not to use Tiny Watch:

- To monitor, record, stream, or observe people where you do not have the legal right or required consent to do so.
- In a way that violates another person's privacy, publicity, or other rights.
- For unlawful, abusive, harassing, exploitative, or harmful purposes.
- To reverse engineer, interfere with, disrupt, overload, or attempt to bypass the app's technical limits or pairing protections, except where applicable law gives you a non-waivable right to do so.

## 6. Accounts, Purchases, and App Stores

The current Tiny Watch app does not require a Tiny Watch account. If Tiny Watch is downloaded through Apple App Store, Google Play, or another app store, that store's terms, policies, and payment rules may also apply.

If Tiny Watch later offers paid features, pricing and purchase terms will be shown before purchase and may be handled by the applicable app store.

## 7. Privacy

Tiny Watch's privacy practices are described in the Tiny Watch Privacy Policy at <https://tinywatch.app/privacy-policy>.

## 8. Third-Party Services and Platforms

Tiny Watch may depend on your device operating system, app stores, local network equipment, and platform services such as permission prompts, networking, and app distribution. We do not control those third-party services and are not responsible for their terms, policies, outages, or changes.

## 9. Updates and Changes to Tiny Watch

We may change, improve, suspend, or discontinue parts of Tiny Watch at any time. Updates may be required for compatibility, security, legal compliance, or improved functionality.

## 10. Intellectual Property

Tiny Watch, including its name, branding, design, software, and content, is owned by Tiny Watch or its licensors and is protected by applicable intellectual property laws.

Subject to these Terms, you may use Tiny Watch for your personal, non-commercial household monitoring purposes. You may not copy, sell, rent, distribute, or create derivative works from Tiny Watch except as permitted by law or by a separate written agreement.

## 11. Disclaimers

Tiny Watch is provided "as is" and "as available." To the maximum extent permitted by law, we disclaim all warranties, whether express, implied, or statutory, including warranties of merchantability, fitness for a particular purpose, non-infringement, availability, accuracy, and uninterrupted or error-free operation.

Wi-Fi quality, device battery, operating system behavior, permissions, hardware, router settings, and local network conditions can affect performance. Tiny Watch cannot guarantee continuous monitoring, continuous audio or video, alerts, or successful pairing.

## 12. Limitation of Liability

To the maximum extent permitted by law, Tiny Watch and its owners, developers, employees, contractors, and partners will not be liable for indirect, incidental, special, consequential, exemplary, or punitive damages, or for loss of data, loss of use, lost profits, personal injury, property damage, or failure to monitor.

Nothing in these Terms limits liability that cannot legally be limited, including liability for intentional misconduct or other non-waivable rights under applicable law.

## 13. Termination

You may stop using Tiny Watch at any time and may remove the app from your device. We may suspend or end access to Tiny Watch if we reasonably believe these Terms have been violated or if continued access would create legal, security, or operational risk.

## 14. Governing Law

To the extent permitted by applicable law, these Terms are governed by the laws of Poland, without limiting any mandatory consumer protection rights that apply in your country or region.

## 15. Changes to These Terms

We may update these Terms from time to time. When we make material changes, we will update the "Last updated" date above and, where appropriate, provide additional notice.

Your continued use of Tiny Watch after an update means you accept the updated Terms.

## 16. Contact
